THE BENGAL CHAMBER

CEO'S DESK

Shri Sushim Banerjee

At the outset on behalf of Iron & Steel Sector Skill Council (IIS SSC) I convey our best and warm greetings to Dr. Mahendra Nath Pandey Hon'ble Cabinet Minister and Shri Raj Kumar Singh Hon'ble Minister of State of Ministry of Skill Development and Entrepreneurship on assuming Office. We are certain with their able leadership, Department of Skill Development and Entrepreneurship will continue its legacy of scaling new heights. At the same time we convey our best wishes to the competitors 'Team India - Worldskills Kazan 2019' and we firmly believe that they would come out in flying colours in the forth coming competition. This Quarter also witnessed our National Elections of the largest democracy in the world with the entire election process ending on May 23, 2019. During Quarter 1 we have taken a number of initiatives as under :-

Meetings – Several important meetings were held with different Organisations namely:

National Institute of Secondary Steel Technology (NISST) - To review the progress of Skill Gap Study in Iron & Steel Sector assigned to them. Considerable work has been done and findings

of the study have been shared with stakeholders to obtain their views.

JSW Steel Ltd Vijaynagar – To discuss training of their existing work force under RPL 4.0 for Vijaynagar Plant

Shyam Steel Ltd – For starting of RPL 4.0 for their plant.

Tata Steel Ltd - To start RPL 4.0 for their employees.

Tata Steel Ltd – To review the making of the Model of Steel Plant and IIS SSC's Job Roles therein. The Model is being made at Tata Steel Kalinganagar and it will be presented to IIS SSC by Tata Steel.

IIS SSC Board Meeting – The Board members reviewed the planned activities for FY 2019-20, financial position of the Organisation and other Administrative issues.

NSDC – Discussions were held on data migration and methodology of input of assessment details in Skill India Portal.

Ministry of Skill Development & Entrepreneurship (MSDE) – Informed Sr. Advisor and her team about the activities of the Council and challenges being faced.

Seminars & Workshops – CEO and IIS SSC Officials participated in 5 Seminars and Workshops. Papers were presented in these forums and thoughtful views were exchanged during interaction session. The programmes included **1)** 7th Metals Conclave 2019 at Kolkata, **2)** Workshop on Skill Gap Study in Ranchi, **3)** Workshop along with BCC&I at Kolkata on Skill Gap Study, **4)** Certificate Distribution and interaction with successful candidates trained under RPL 4.0 at JSW Steel Ltd at Vijaynagar and **5)** Apprenticeship Workshop for Skill Councils & Training Partners organized by NSDC at New Delhi – In this workshop Senior Officials of Ministry of Skill Development & Entrepreneurship (MSDE) and National Skill Development Corporation (NSDC) attended and made the participants aware about NAPS and its portal.

Training Programmes – During this Quarter 311 Non-PMKVY candidates have been trained in various Job Roles by our Training Partners in various parts of the Country.

Under RPL 4.0 following are the details of candidates Enrolled, Oriented, Assessed, Passed and Certified. Details are as follows:

- **Enrolled - 800 • Oriented - 800**
- **Accessed - 948 • Passed - 948**
- **Certified - 948**

Under PMKVY 2.0 Training figures during this period are as follows:

- **Enrolled - 952 • Trained - 1815** (a continuous process)
- **Accessed - 1377 • Passed - 1296**
- **Certified - 1051 • Placed - 702**

Press Release - Technical Journals Steel Scenario and Steel & Metallurgy have been reporting the activities of IIS SSC on a regular basis. Detailed coverage was given on the discussions that took place during the Workshop on Skill Gap Study at Kolkata.

Before concluding I wish all readers a very eventful, successful and gratifying FY 2019-20. From team IIS SSC we pledge our best efforts to reach new heights and thus do our part to achieve Hon'ble Prime Minister's vision of making India Skill Capital of the world.

(Sushim Banerjee)

Success Stories

My name is Divyesh Sadhu. My father is a farmer. After completing my ITI I was looking for a job but was not able to find suitable job. I got upset but one day I heard about PMKVY and came to this IIS for further details. I decided to start the training in Electrician and cleared my Entry Gate Assessment for that. After completing my final assessment and I was sent to appear for different interviews and finally I got a job at Elmex Electric Pvt Ltd. My monthly salary is Rs. 7000. My family is so happy with me. I have suggested many other boys from my village, to take this training and be financial independent. I really thank you PMKVY and IL&FS for making me able to stand on my own foot. Now, I am confident and motivated to learn more and work harder. Thank you so much.

DIVYESH SADHU

My name is Sachin Patel. I am from a middle class family from Padra village. My father runs a small business of cutlery in village and earns around 8 to 11 thousand per month on average. I was really a hopeless boy before few months but one fine day I came to know about Pradhan Mantri Kaushal Vikas Yojana through one seminar at my village. Initially I didn't trust these people who were saying I could start training and then earning without paying a single rupee. But when I visited the institute I met many other boys who were coming from a poor family like me and were studying here free of charge. I decided to start the training. I chose Fitter course and cleared my Entry Gate Assessment. Since then, I have never looked back. I completed my final assessment and was sent to appear for different interviews and finally I got a job at Perennial Technologies Pvt Ltd. I am earning around Rs. 9000 per month. I really can't express my happiness in words. This seems like a dream for me. My family is so happy with me. I have suggested many other boys from my village, to take this training and be financial independent. I really thank you our Prime Minister Mr. Narendra Modi, for bringing such schemes for the people like us. I must thank you IL&FS for giving their best to make me able to get this job. I really thank you all the people behind this. Now I am able to dream a bright future for me. Thank you so much! (Translated from Gujarati)
