### PROCESS OPERATOR ROLLING MILLS

CURRICULUM / SYLLABUS

This program is aimed at training candidates for the job of a "Process Operator Rolling Mills", in the "Iron & Steel" Sector/Industry and aims at building the following key competencies amongst the learner.

| Program Name                            | Process Operator Rolling Mills   |                                  |  |  |  |  |  |
|---|--|----------------------------------|--|--|--|--|--|
| Qualification Pack Name & Reference ID. | Process Operator Rolling Mills<br>ISC/Q0701  |                                  |  |  |  |  |  |
| Version No.                             | 1.0  | 1.0Version Update Date30-12-2014 |  |  |  |  |  |
| Pre-requisites to<br>Training           | Minimum qualification  | – ITI Pass                       |  |  |  |  |  |
| Training Outcomes                       | <ul> <li>After completing this programme, participants will be able to:</li> <li>Prepare for operation of control systems</li> <li>Perform operation of control systems</li> <li>Use basic health and safety practices at the workplace</li> <li>Work effectively with others and manage team members</li> </ul> |                                  |  |  |  |  |  |

This course encompasses 4 out of 4 National Occupational Standards (NOS) of "Process Operator Rolling Mills" Qualification Pack issued by "Indian Iron & Steel Sector Skill Council".

Grand Total Course Duration: 410Hours, 0 Minutes

(This syllabus/ curriculum has been approved by Indian Iron and Steel Sector Skills Council)

#### Trainer Prerequisites for Job role: "Process Operator Rolling Mills" mapped to Qualification Pack: "ISC/Q0701"

| Sr.<br>No. | Area                                     | Details  |
|------------|--|--|
| 1          | Description                              | To deliver accredited training service, mapping to the curriculum detailed above, in accordance with the Qualification Pack <u>"ISC/Q0701"</u> .   |
| 2          | Personal<br>Attributes                   | Aptitude for conducting training, and pre/ post work to ensure competent,<br>employable candidates at the end of the training. Strong communication<br>skills, interpersonal skills, ability to work as part of a team; a passion for<br>quality and for developing others; well-organised and focused, eager to<br>learn and keep oneself updated with the latest in the mentioned field. |
| 3          | Minimum<br>Educational<br>Qualifications | Min. ITI Fitter pass and preferably CTI/ATI cleared/ Diploma Mechanical  |
| 4a         | Domain<br>Certification                  | Certified for Job Role: "Process Operator Rolling Mills" mapped to QP:<br>"ISC/Q0701". Minimum accepted score is 80%   |
| 4b         | Platform<br>Certification                | Recommended that the Trainer is certified for the Job Role: "Trainer", mapped to the Qualification Pack: "SSC/1402". Minimum accepted score is 80%   |
| 5          | Experience                               | Min. 5 years industry experience and minimum 2 years' experience as Trained or un trained for same Job Role/ Trade   |

#### Annexure: Assessment Criteria

| Assessment Criteria  |  |
|----------------------|--|
| Job Role             | Process Operator Rolling Mills           |
| Qualification Pack   | ISC/Q0701                                |
| Sector Skill Council | Indian Iron & Steel Sector Skill Council |

| Sr.<br>No. | Guidelines for Assessment  |
|------------|--|
| 1          | Criteria for assessment for each Qualification Pack will be created by the Sector Skill Council. EachPerformance Criteria (PC) will be assigned marks proportional to its importance in NOS. SSC will also lay down proportion of marks for Theory and Skills Practical for each PC. |
| 2          | The assessment for the theory part will be based on knowledge bank of questions created by the SSC   |
| 3          | Individual assessment agencies will create unique question papers for theory part for each candidate at each examination/training centre (as per assessment criteria below)  |
| 4          | Individual assessment agencies will create unique evaluations for skill practical for every student at each examination/training centre based on these criteria.   |
| 5          | To pass the Qualification Pack , every trainee should score a minimum of 60% in every NOS.   |
| 6          | In case of successfully passing only certain number of NOS's, the trainee is eligible to take subsequent assessment on the balance NOS's to pass the Qualification Pack.   |

|   |   |                       |        | Marks allocation |                     |
|---|---|-----------------------|--------|------------------|---------------------|
| Assessment<br>outcome<br>(nos)                            | Assessment criteria   | Total marks           | Out of | Theory           | Skills<br>practical |
